It's a progressive Drop-In House League. Matches are 30 minutes long (switching partners every 30 minutes). After you finished play, the team with the higher score moves up 1 court while the team with the lower score moves down 1 court. Previous partners will be split up.

Games will be arranged each week based on the final scores from the previous week. You will continue on the court you have moved up or down to the following week, unless you can't make in which case your spot will be given to someone else on a first come, first serve basis. Once you come back you will have to start at a spot given to you by the League Coordinator, usually the lowest court available that night.

Your spot from the previous week will be held for you as long as you show up 5 minutes before play.

4 Courts are available for play (16 players at one time). Everyone coming out gets to play at least 2 matches, possibly even all 3 if no one is waiting.

There is No need for subs in this League. If you can't make it, not a problem. No Subs needed.
